WATER - ESSENCE OF LIFE ***THE WORLD WATER DAY***

The Italian students celebrated The World Water Day by creating poems dedicated to water and thematic drawings.

DREAMING OF THE SEA...

*If I close my eyes and think of the sea it is so
easy to start dreaming.*

*The water is crystal clear and shines thanks
to the sun,*

and it is so bright, but what a splendor!

*There are seagulls and they touch the sea
water*

*and I continue to dream and
hope that the sadness of this period
at the bottom of the sea it will sink.*
